**\*PLEASE NOTE: This schedule is an outline only, and is subject to change due to animal/keeper needs.**

During your Jr. Keeper-For-A-Day experience, you will be assisting the animal keeping staff in their daily routine. You will help prepare diets, clean exhibits, and participate in many other activities that animal keepers perform every day. This is a great opportunity to gain a better understanding and appreciation for the animal care profession; plus you will get a special, inside-look at the specific needs of the animals that are cared for at the Wild Wonders wildlife center!

To help make this the best possible experience for you, please consider the following guidelines:

1) **Close-toed and close-heeled shoes are REQUIRED.** Tennis shoes/hiking boots are great choices (absolutely no sandals or heels). Rubber boots may also be worn.

2) **Wear comfortable and well-fitting clothes.** Baggy clothes will drag in the water and muck, while tight fitting clothes will be difficult to work in.

3) **Wear clothes that you don't mind getting dirty! VERY dirty!**

4) **Bring extra clothes for inclement weather.** We will be working outside, rain or shine. Storage space is available for any extra clothing that you find is not needed.

5) **Please leave ALL valuables at home.** Cameras are welcome, though, and we will have plenty of great photo opportunities throughout the day!

If you have any questions, please contact the Wild Wonders Office at (760) 630-9230. We look forward to seeing you soon!

The address of our compound is:
